HEADQUARTERS COURSE

POCUS Hands-on Training Course for Beginners

November 15–16, 2019

AIUM headquarters, Laurel, MD

Program Leader: Michael Wagner, MD, FACP, RDMS

Target Audience: This course is designed for anyone with limited or no prior ultrasound experience, as well as those with prior point-of-care ultrasound (POCUS) training who is interested in learning a core multi-organ POCUS physical.

Learning Objectives: At the completion of this course, participants should be able to define POCUS and distinguish it from traditional ultrasound, as well as identify examples of POCUS applications for general practice, including in abdominal, lung, cardiac, and multi-organ cases.
